Turntables

concept Signature

NEW

Description:

In 2009, the launch of our concept was a sensation. As an entry-level package with a specially developed tonearm and cartridge, it created a revolutionary sound package with an unbeatable price, design, and performance ratio, and has gained worldwide recognition with over 20,000 units sold.

After more than 10 years of consistency, the concept is getting an update and is now becoming the concept Signature. Consistent research and development of our products have resulted in a new control technology with integrated self-calibration, new adjustment options, and an improved motor suspension („IMS“). Even the shape of the pulley has been optimized for even less wear and more grip.

Like its predecessor, the concept Signature will be available in four chassis colors: silver, black, wood, and darkwood.

Silver chassis

Wood chassis

Black chassis

Dark wood chassis

Art. No.	Version		Price
TT068/S	Silver chassis		1.381,58 €
TT068/B	Black chassis		1.381,58 €
TT068/WD	Wood chassis		1.644,74 €
TT068/ WD-DARK	Dark wood chassis		1.644,74 €

Prices only for turntable without tonearm and cartridge.

Combination are ONLY with following tonearms and cartridges possible:

Cartridges: concept mc, concept mc Signature, Talisman V2 Gold + All MM cartridges
Tonearms: concept, Verify, Clarify Satisfy Kardan, Profiler and Tracer

Power supply: smart power 12V

Description:

The smart power 12V is a battery-based DC power supply upgrade designed for Clearaudio's concept and Performance DC turntables. Like the smart power 24V, it provides clean power that is independent of the variability and inherent noise of the mains supply. With a minimal output impedance, it delivers a steady, stable voltage, allowing your concept or Performance DC turntable to maintain perfect speed stability. Available in silver and black aluminium.

Art. No.	Version		Price
EL035/B/S	Black with silver chassis		850 €
EL035/B/B	Black with black chassis		850 €

Reference Jubilee

Description:

40 years Clearaudio - this needs to be celebrated with a special limited turntable (only 250 units)! We created the symbioses of one of the first Clearaudio Reference turntable designs and melting it together with the materials and technology from today, new motor, new resonance technology and super silent motor control board.

The scope of delivery of the Reference Jubilee turntable already includes the new Professional Power 24V power supply unit.

Master Innovation

Description:

Dynamically balanced main platter is a sandwich construction of 70mm (2 ¾ inch) of high-density polymer upon a 15 mm (4/5 inch) precision turned stainless steel subplatter. This floats in free space within the resonance-reducing chassis structure in a Clearaudio patented Ceramic Magnetic Bearing (CMB). Below the CMB is a Clearaudio no-contact drive system derived from the flagship Statement turntable. To allow complete flexibility the Master Innovation will accommodate up to three tonearms (Turntable without tonearm and cartridge).

VTA-Lifter - VTA -Adjustment

Description:

Precise VTA-adjustment for Clearaudio radial tonearms.

Allows VTA adjustments during play.

Requires appropriate VTA-Lifter armboard.

Please always specify your turntable and tonearm model when placing order.

Art. No.	Version		Price
AC093/S	Aluminium silver		690 €
AC093/B	Aluminium black		690 €

Unity

Coming soon

Description:

As the name suggests, the new clearaudio tonearm combines the proven single point bearing with a newly developed, patented magnet stabilization design. This allows for fine adjustments of the X, Y, and Z axes. This state-of-the-art tonearm will be available in black and silver with a 10 or 12-inch Monocouque carbon tonearm tube.

Super Sixstream (1.1m) terminated with RCA.

Art. No.	Version		Price
TA058	10"		15.000 €

Tonearms

TT5

Description:

The carriage moves very smoothly, only pulled through the stylus in groove. High-precision V4-steel bearings running without any lubricant or even external drive in a meticulously polished glass tube.

Super Sixstream (1.1m) terminated with RCA.

To complement the TT5, Clearaudio developed the swing base which allows free access to the record.

Art. No.	Version		Price
TA043/B	Black		2.800 €
TA043/B/Swing Base	Black		570 €
TA043/S	Silver		2.800 €
TA043/S/Swing Base	Silver		570 €

TT3

Description:

Tangential tonearm based on a patented two-point tangential tracking concept.

With integrated RCA connection.

Art. No.	Version		Price
TA026	Silver		4.100 €
TA026/B	Black		4.100 €

Description:

Tangential tonearm based on a patented two-point tangential tracking concept.

Directwired with Super Sixstream terminated with RCA connector.

Art. No.	Version		Price

MC020/V2	Aluminium-body with ceramic surface layer		5.900 €

Titanium V2

Description:

MC cartridge, 24 carat gold coils, boron cantilever, Gyger S double polished diamond tip. Solid titanium body.

Art. No.	Version		Price
MC015/V2	Titanium		8.700 €

Cartridges

Goldfinger Statement

Description:

Clearaudio works with a special arrangement of magnets to create the Goldfinger MC cartridge. The magnetic block is precisely fixed with a new designed gold bracket. The patented Clearaudio MC construction guarantees the absolute symmetry of all electrical, mechanical and magnetic parameters.

The generator eliminates disturbing resonances and ensures pure music reproduction.

Art. No.	Version		Price
MC025/V2	14 carat Gold-body		15.000 €

Diamond Jubilee MC

Coming soon

Description:

Stagnation is regression, which is why our team is always searching for new materials and techniques. With the Diamond Jubilee MC, we have succeeded in combining one of the hardest materials in the world with the finest selection of other components such as magnets and coils. In addition, a new needle construction design has been added to set a new standard.

Art. No.	Version		Price
MC028			25.000 €

Electronic Equipments / Power Generators / Phono - preamplifier

nano phono V2 / nano phono headphone V2

Description:

Surface-mount technology is used in conjunction with precision electronic components, such as BURR-BROWN integrated circuits, and extremely short signal paths leading to a pure, hum and noise-free music reproduction. Also available with headphone output!

Art. No.	Version		Price
EL028	Silver		450 €
EL028H	Silver / Headphone output		490 €
EL028/B	Black		450 €
EL028H/B	Black / Headphone output		490 €

smart phono V2 / smart phono headphone V2

Description:

Improved low-noise operational amplifier and optimized circuit. Blue illuminated volume control. Easy loading adjustment on the bottom of the chassis. A smart chassis, machined from a solid block of Aluminium. Also available with headphone output!

Art. No.	Version		Price
EL027	Silver		750 €
EL027H	Silver/ Headphone output		800 €
EL027/B	Black		750 €

EL032/S	Silver		1,250 €

Electronic Equipments / Power Generators / Phono - preamplifier

balance V2

Description:

Fitted with a high quality volume control the balance V2 can also be directly connected to a power amplifier acting as a control preamp.

MM / MC input: switchable.

Art. No.	Version		Price
EL033/B	Black		3.100 €
EL033/S	Silver		3.100 €

balance reference phono

Description:

The new balance reference phono was developed especially for the phono enthusiast, featuring completely independent phono inputs for connecting moving coil and moving magnet phono cartridges. The sophisticated volume and input circuitry are accessible with the supplied remote control.

The high-performance design provides 2 headphone connections.

Art. No.	Version		Price
EL038/B	Black		7.900 €
EL038/S	Silver		7.900 €

statement phono

Description:

Highest quality hand selected electronic components: extremely low noise resistors and lossless silver-glimmer capacitors. Highly versatile state of the art phonostage.

Art. No.	Version		Price
EL025	230 V		29.000 €

Electronic Equipments / Power Generators / Phono - preamplifier

smart power 12V

Description:

The smart power 12V is a battery-based DC power supply upgrade designed for Clearaudio's concept and Performance DC turntables. Like the smart power 24V, it provides clean power that is independent of the variability and inherent noise of the mains supply. With a minimal output impedance, it delivers a steady, stable voltage, allowing your concept or Performance DC turntable to maintain perfect speed stability. Available in silver and black aluminium.

Art. No.	Version		Price
EL035/B/S	Black with silver chassis		850 €
EL035/B/B	Black with black chassis		850 €

smart power 24V *for Ovation and Innovation turntables*

Description:

The smart power 24V is a battery-based DC power supply upgrade, designed to unleash more of the considerable potential of Clearaudio's high-performance Ovation, Innovation and Statement turntables. It partners intelligent circuit technology with long-lasting NiMH (nickel-metal hydride) rechargeable batteries to deliver 24V of pure, clean, fluctuation-free power. Available in silver and black aluminium.

Art. No.	Version		Price
EL034/B	Black		3.100 €
EL034/S	Silver		3.100 €

smart power 24V *only for Statement turntable*

Description:

For this special version, the proven technology of the smart power 24V has been adapted to the sophisticated technology of the Statement turntable (Not suitable for 78rpm).

Art. No.	Version		Price
EL036/B	Black		3.565 €
EL036/S	Silver		3.565 €

Electronic Equipments / Power Generators / Phono - preamplifier

Professional Power

Description:

The Professional Power is a high quality transformer-based and stabilized power supply for either 12 Volt or 24 Volt DC. It is designed to fill the gap between the standard power supply that comes with our turntables and our state-of-the-art, auto-charging smart power battery supply. The unit's construction features professional-grade electronic components and a resonance-optimized transformer to ensure that no mechanical interference will be transferred through the housing. Available in silver and black aluminium.

Professional Power 12V

smart matrix SILENT

Description:

The new smart matrix SILENT. The silent one! Which is all the more remarkable considering its 500 watts vacuum motor. In addition to its elegant design, the smart matrix SILENT offers simple controls for effortless use. Certainly with left and right cleaning mode and integrated liquid application. The application of the cleaning fluid is individually dosed by button and the multifunctional cleaning / suction arm is individually adjustable for all vinyl sizes. Clamp with label protection and single adapter included.
